Those born between January 20–31 are Water Bearers of Aquarius. Water Bearers are deep-thinking intellectuals, unafraid of exploring outlandish ideas. Their strong sense of community makes them good friends and valuable team members

Message from the Executive Director

Happy New Year! I cannot believe it is 2019 already. 2018 certainly flew by. The New Year provides an opportunity for new beginnings. December was my first full month at Delhi. What a great time of the year to have that month be! December is always filled with great events and programming (and yummy treats!). The Annual Christmas Social was a lovely afternoon with food, drink, and music. It was great to see all the families and friends visiting the home. It helps to warm hearts during these cold days. It was also a good opportunity to spend some more time getting to know the residents and family members.

Winter Weather Reminders

With the winter weather here, please be careful when walking around the property and to clear footwear of snow before entering the halls. There is an increase of risk for slips and falls so be mindful of everyone's safety.

I would also like to stress the importance of proper handwashing to help prevent the spread of illness. If you have any symptoms of illness, please do not visit to help ensure the safety of our Home. Also, if you have been in another Home or hospital that is in outbreak, also follow this direction. Please call the Home if you have any questions or want more information.

Also, if new clothing is brought in for the cold weather, please ensure that you either have staff label items before giving them or ensure that the clothing is bagged and given to staff to be labeled later. This will help with making sure that residents have the clothing returned to them without any confusion or delay. Thank you for your cooperation.

Have a great month!

Danny Pereira
